WILLIAMS DECLARED DEMOCRATIC NOMINEE

Durant Jurist Wins Democratic Gubernatorial Nomination by Plurality of 2143 Votes. Certificate is issued.

The certificate of nomination for Governor of Oklahoma on the democratic ticket was issued Thursday by Joe S. Morris, secretary of the State election board to R. L. Williams, of Durant.

The official count had been completed and Secretary Morris therefore issued the certificate, stating it is so required by law. The official plurality of Judge Williams is 2,143. The issuance of the certificate will give the Durant man title to the nomination and prevent and complicate that might have come should an injunction be asked as had been the threat.

By tentative count, which is not likely to be changed, the showing of the following state officers have been nominated by the Democrats.

Lieutenant Governor—M. E. Trapp of Muskogee.
Secretary of State—J. L. Lyon of Oklahoma City.
State Auditor—E. E. Howard of Tulsa.

Attorney General—S. P. Freeling of Shawnee.

State Treasurer—W. L. Alexander of Oklahoma City.

State Superintendent—R. H. Wilson, of Chickasha.

Commissioner of Labor—W. O. Ashton of Oklahoma City.

State Examiner and Inspector—Fred Parkinson of Wagoner.

Commissioner of Charities and Corrections—W. D. Matthews, of Wynnewood.

Insurance Commissioner—A. L. Welch of Purcell.

Chief Mine Inspector—Ed Boyle of Oklahoma City.

President of the Board of Agriculture—Frank Gault of Geary.

Corporation Commissioner—A. P. Watson of Shawnee.

Clerk of the Supreme Court—W. M. Franklin of Madill.

THE DU-ARD COMPANY GETS FOURTH BIG WELL

The Du-Ard Oil Company, composed of Durant and Ardmore men, brought in its fourth well in the Heidton field on Wednesday of this week. Oil was found at nine hundred feet of the sand, being unobtainable to penetrate it. The sand is said to be three hundred to three hundred and fifty feet deep at this place.

The well was a gusher, caused by a large quantity of gas in the well, and according to persons who saw it brought in, was spouting oil two or three times as high as the derrick. No tank has been connected with the well as yet, and the production has not been gauged, but the directors of the company believe it to be as good a well as there is in the field.

A PAIR OF HORSES STOLEN

The sheriff's force received information here Friday morning that a pair of fine horses were stolen from the pasture of Mr. Lay, near Robbers Roost, Thursday night, and that no clue as to the identity of the thieves or the whereabouts of the horses had been found. One of the animals was a sorrel gelding sixteen hands high and five years old and the other was a roan pony, nine or ten years old, and a little smaller than the sorrel.

SAVAGE TAKEN TO ARDMORE

On Thursday of last week, acting on the information received from the sheriff at Ardmore, Sheriff Hart arrested one W. A. Savage who has been here for some time on a charge of false pretense. Friday morning Jake Williams, a deputy sheriff of Ardmore, came to Durant and took Savage back to Ardmore with him, where he will stand trial.

ARRESTED SECOND OFFENDER

Sheriff Hart Friday morning served a warrant on Walter Humphrey, who is confined to the county jail serving time for resisting arrest. The warrant charges him with the second offense of violating the prohibitory law. The warrant was issued following the affidavit of F. C. Cobb, that on March First, Humphrey who was then confined to the county jail serving time, had sold him whiskey.

Small Missouri Farm

Either 10, 20, 30 or 40 acres. FIRE WOOD CONSUMPTION IN OKLAHOMA

Washington, D. C., Aug. 20.—There are 1,529,000 cords of wood, valued at \$3,975,000 consumed on the farms of Oklahoma annually, according to a report which has just been issued by the United States Department of Agriculture. The total yearly firewood consumption in this state is 1,686,000 cords with a value of \$4,563,000. The consumption in the cities of this state is 150 thousand cords and 3,065 cords are used in the mineral operations in Oklahoma.

In the continental United States the annual consumption of firewood amounts to \$5,937,000 cords, valued at 250 million dollars. Of this amount 69,941,000 cords are used on the farms, 14,222,000 cords in the cities of the nation and 1,751,000 cords are used in the mines of the United States. The average value of firewood consumed in the United States is \$2.91 per cord and \$2.71 in this state. The average consumption per farm in the United States is eleven cords per annum.

LONG HOURS FOR OKLAHOMA FARM LABORERS

Washington, D. C., Aug. 20.—The farm laborers of Oklahoma work on an average of nine hours and forty-seven minutes per day, according to a report which has just been issued by the United States Department of Agriculture. There are 151 thousand laborers employed on the farm in Oklahoma and the average monthly compensation is \$20 with board and \$29.10 without board. These figures relate to the year 1913. In the continental United States the average farm laborer receives \$13.85 per month with board and \$19.97 per month without board.

Do your eyes hurt? Glasses when prescribed by Dr. I. Levy, expert optician will relieve them, will be at the Atwood Hotel on August 26 and 27.

OKLAHOMA HORSES ARE WORTH \$85 EACH

Washington, D. C., Aug. 20.—The Oklahoma horse is now worth \$85 per head according to a report just issued by the United States Department of Agriculture while five years ago his value was only \$34. There are 766 thousand horses on the farms in this state and they are valued at \$65,100,000.

In 1910 the number of horses in this state was 743 thousand and had an aggregate value of \$60,183,000.

Compared with other states Oklahoma ranks tenth in the number of horses.

In the entire United States there are 20,962,000 horses and they are worth \$2,291,638,000 or \$109.32 each.

25c, 50c and \$1. per can. At your dealer's. P. U. S.

are investigating the high prices of meat.

The Department of Agriculture has just completed a census report of the meat producing animals of the United States and finds that there has been a decrease of 4,183,000 head and an increase of \$176,152,000 in value during the past year. On January 1, 1914 the herd numbered 144,567,000, compared with 148,626,000 head a year ago.

The bulk of the nation's decrease in the meat supply is in the swine herd. Compared with last year, the number of hogs in the United States has diminished 2,185,000; cattle 175 thousand head and sheep 1,763,000 head.

The major portion of the increased value is credited to the beef animals. The value of all cattle when compared with last year, exclusive of milk cows, shows an increase of \$166,688,000; swine have gained \$9,842,000 in value, while the sheep have depreciated \$1,476,000.

DISEASE PLAYS HAVOC ON OKLAHOMA HOGS

Washington, D. C., Aug. 20.—Disease caused the swine breeders of Oklahoma to lose 94,600 head of hogs, valued at \$794,640 last year, according to a report recently issued by the United States Department of

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Agriculture.

This is an average death rate of \$70 per 1 thousand head.

During 1913 the ratio was 81 per thousand head and the total number lost was 107,300 head.

The latest census reports which are dated January 1, 1914, show that there are 1,352,000 head of hogs in Oklahoma and they are valued at \$11,357,000 or \$8.40 per head.

The farmers of the entire nation last year lost 7,004,800 head of hogs from disease. Their total value was 75 million dollars and the death rate was 119 per thousand head.

KENDALL INSTALLS NEW CASES

The Kendall Clothing has installed a lot of tall, new, glass cases where their clothing will be protected from the dust or damage in any way. Besides being very useful in keeping their stock in the best of condition they add very much to the appearance of this already well-kept store.

Cures Old Sores, Other Remedies Won't Cure.

Buyers to Share in Profits Lower Price in Ford Cars

Effective from August 1, 1914, to August 1, 1915, and guaranteed against any reduction during that time:

Touring Car	- - -	\$490
Runabout	- - -	440
Town Car	- - -	690

F. O. B. Detroit, all cars fully equipped.
(In the United States of America only)

Further, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 300,000 cars between the above dates.

And should we reach this production, we agree to pay as the buyers share from \$40 to \$60 per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914 and August 1, 1915.

For further particulars regarding these low prices and profit-sharing plan, see the nearest Ford Branch or Dealer.

tance to be covered, especially to the manufacturing district, an automobile combination chemical hose wagon should be installed.

9. That a minimum of six full paid men be placed in the service.

10. That sleeping quarters be provided for at least six volunteers at the fire department.

11. That a tower be constructed on which to dry the department hose.

12. That the department be equipped with all the necessary minor apparatus necessary for a department of this size.

13. That the present system of inadequate inspection of hydrants by the water department be discontinued and that the fire department be required to inspect, lubricate and flush all hydrants in the city at least every thirty days, and that the Chief report to the water department any hydrant found in bad order, the same to be repaired by the water department.

14. That the fire department be required to inspect the business district at least once a week for condition and to inspect the buildings at least once a month for structural defects and that this inspection work be rotated among the members of the department and that records of such inspection be required.

15. That the firemen be furnished with suitable inspection blanks and the same be filed and preserved at the fire station.

16. That the building ordinances be amended so as to include all of wall for the top of two-story buildings not less than 12 inches thick and to increase four inches for each lower floor. That stone walls be four inches thicker than brick in all cases, and that properly reinforced concrete be permitted four inches thicker than brick; prohibiting the use of metal flues, giving the chief of the fire department plenary power to enforce all fire prevention ordinances.

17. That the fire limits ordinance be amended so as to include all of blocks 146, 147, 148, 149, 150, 151 and 152 and make all boundaries of the fire limits no less than a street.

18. That the electrical ordinance be strengthened to require licensed electricians under bond.

19. That an ordinance be passed regulating the storage of inflammable liquids and explosives.

20. That the Motion Picture Theater ordinance be amended to require use of standard booths to require all wiring in the theaters in conduit, to provide a system of inspection not motion picture theaters by the chief of the fire department, to provide for the examination and licensing of operators of motion picture machines.
